

2006 World Schools Debating Championships

Mission of the organising committee

We will organise an outstanding event with lasting benefits for its participants, its organising bodies, schools and colleges in Wales, and the World Championships as an institution.

The committee aims to organise a World Championships which:

- furthers the aims of the World Schools Debating Championships, i.e.:
 - to achieve excellence in debating
 - to encourage debating throughout the world
 - to promote international understanding
 - to promote free speech
- stands favourable comparison with recent tournaments, and with Wales in 1995;
- is memorable for the debating community by being of high quality in its arrangements, and by creating international friendships;
- leaves participants with fond memories of Wales, and an awareness of its language and culture;
- leads to increased interest and participation in debating from schools in Wales;
- strengthens and develops new links for the WCIA, CEWC-Cymru and the Wales Debating Federation.
