

Wubbzy's Marshmallow Lasagna

Only a place like Wuzzleburg could create a Lasagna like this!

This might be the kookiest, tastiest Lasagna ever!

INGREDIENTS

1 packet plain biscuits or wafers
(eg arrowroot biscuits or ice cream wafers)
1 250g bag marshmallows
1 375g bag milk chocolate melts
Sprinkles

START COOKING

Step 1

Take two wafers and place 3 marshmallows in between to make a sandwich. Place on tray.

Step 2

Melt the chocolate in a microwave safe bowl or over a pot of simmering water (ask an adult for help with this part). Stir and allow the chocolate to cool slightly.

Step 3

Spread the top wafer with a thick layer of chocolate. Spread a thin smear down the centre of the other side of the top wafer and replace on top of marshmallows (this helps the marshmallows stick to wafer). Add sprinkles to top. Leave to set. When set, turn sandwiches over and spread the bottom wafer with a thick layer of chocolate. Leave to set. Place Lasagna, sprinkle side up, on serving plate.

Servings: 15 (using wafers)

Enjoy, but don't eat too many!
