## HOW TO USE THIS DECK

This Deck's best move is to Special Summon "Armed Dragon LV3" or "Red-Eyes B. Chick" by using the effect of "Masked Dragon". From there you can use their effects to Summon your strongest Dragons. Try to build up enough power with your "Red-Eyes Darkness Dragon" to inflict serious damage to your opponent.

LEVEL UP!

When your opponent attacks and destroys your "Masked Dragon" during their turn, use its effect to Special Summon "Armed Dragon LV3". During your next turn you can level it up to "LV5".

## POWERFUL DRAGON SUPPORT CARDS!

WITH BOOSTER PACKS

## LET'S POWER UP THIS DECK!

Make your Structure Deck more powerful by adding cards from Booster Packs (sold separately). Here are some examples of cards to add to your Dragon's Roar Structure Deck (you may need to buy multiple Booster Packs to pull these cards).

**DARK BEGINNING I** (cards also found in "Labyrinth of Nightmare", "Pharaoh's Servant", "Spell Ruler", "Metal Raiders", and "Legend of Blue-Eyes White Dragon")

You can unlock the power of "Buster Blader" with the Dragons found in this Deck. Use "Creature Swap" to switch one of your Dragons with an opponent's monster. Then use their monster as one of the Tributes to Summon "Buster Blader" and its ATK will be increased to 3100 because there is a Dragon on your opponent's side of the field.

**DARK REVELATION Volume I - On sale March 2005** (cards also found in "Dark Crisis", "Magician's Force", and "Pharaonic Guardian")

Spell and Trap Cards are vital to this Deck's success. You can protect these cards from destruction with "Judgment of Anubis". If you discard "Red-Eyes B. Dragon" for the cost, you can then Special Summon "Red-Eyes B. Dragon" with "Call of the Haunted", and get 2 benefits for the price of 1.

## SOUL OF THE DUELIST

This Booster Pack series contains many cards that provide powerful support for your "Red-Eyes B. Dragon". "Inferno Fire Blast", is an excellent card which allows you to inflict tremendous damage to your opponent. The most excellent version of the "Armed Dragon", "LV7", is also worth adding to your Deck. You can also use your Level Monsters' favorite Spell Card, "Level Up!", to accelerate the evolution of your monster.

## RISE OF DESTINY

"Covering Fire" can be very useful when protecting your lower level monsters. It can save your "Armed Dragon LV3" so you may level up or Tribute Summon your next turn. You can strengthen the Dragon and Level Monster themes in your Structure Deck with "Mirage Dragon" and "Mystic Swordsman". Since you will often send monsters to the Graveyard by Tribute Summoning, you should use "Monster Reincarnation" to return those cards to your hand.
