In an underhanded fashion, I'll have eight of these in short order. Even though I'm finally getting in some local play tonight, now that I'm the proud owner of an LoZ 25th Anniversary edition 3ds, I'll format my two spare machines three times to get the base 8 Tokens in a matter of about an hour. :p Faux Hero's dialogue is humorous, btw.

Do you need to reformat two systems at once, or is that just a time saving mechanic?

Stagger 11/27/2015 2:53 PM

Ah, Madame Couture's is finally sold out for a bit. Nice. I'm about to find out if the Tri-Suit decodes the message in the canal, or if you have to get all 15 of the Faux Hero's Tokens from him to make that happen ...

@Blake: I'd much rather get them two at a time than individually. I'll format them after every time my homies play on them honestly. Go buy a rig. :p

Stagger 11/27/2015 2:58 PM · Spoilers

Of course it is! That might stop me from aggressively solo all 15 of them from old pink-hair nearby. Benjamin will love his rant when you speak to the Faux Hero in the Tri Suit, heh ... I really can't wait to see what this baby does when three heroes don one.

Benjamin 11/27/2015 3:48 PM

I knew about the translation of the secret message but I have yet to hear what the Faux Hero has to say when you surprise him with the Tri-Suit. I have something to look forward to!

Justin86 11/27/2015 5:36 PM

Of course I won't be looking at that spoiler if it's the decoded message. If the Tri Suit is what you need then I'll find out in time when we get the update.

Stagger 11/27/2015 5:39 PM

I like that mindset Justin. Thanks again for joining Robert and I. He's a really nice kid, newer to LoZ than us but a big fan. I know it's kind of dull play compared to what we've been up to lately, but I enjoy seeing people react to it fresh.

Elzonire 11/27/2015 8:18 PM ·Spoilers

Stagger! Blake, Sciz, and I have stormed the Sky Temple, defeated the unstylish witch Lady Maud, and overcame the true final boss, Trollish Programming Error: Laggington immediately following her defeat!

Elzonire 11/27/2015 8:41 PM

Also, pretty smart on getting those Tokens!

Nintendoer 11/27/2015 9:43 PM

I'll refrain from seeing that spoiler until I see it myself. I may have to do some reformatting now, as I am curious what the Triple Tri Suit does...

Speaking of new systems, did you get that \$40 PS3?

Stagger 11/28/2015 5:29 AM

No I didn't. A couple of factors there - next issue PS4s are going to be reverse compatible, likely all the way back for Sony. More importantly, our store and other close ones sold out of the lowest memory used and refurbished PS3s just before Black Friday, so to get the \$40 ones, a half hour drive outweighed my interest. :p

I'm awfully curious about getting all 15 of Faux Heroes' goodies!

Stagger 11/28/2015 5:32 AM

I am really surprised by how much I like the basic XL though. It's a great

weight reduction! The much smaller screen is a lot less of a detraction than I thought. Download play is pretty sweet too - my other two machines pump out 8-bit jams and it cracks me up. That was unexpected ...

Aaron 11/29/2015 9:59 AM

What's this?! PS4 is going to be reverse compatible?! I got mine in 2013! (Yet a Wii U in 2015, am I a bad person?) Maybe I should have waited?

Stagger 11/29/2015 3:55 PM

From what I've gathered Aaron, it will be something that a software download can achieve, and a console exchange won't be necessary. This is just GameStop shop talk from high salary veterans there with information pipelines to company reps, so I really can't verify it as fact or give you a timetable on the implementation.

Stagger 12/01/2015 6:22 AM · Spoilers

The Faux Heroes dialogue becomes even more amusing the closer you get to taking away all of his Friendly Tokens. I've completed my swindle. If there is any additional unlocked thing here, I'll be sure to report it, but I doubt it. Seems like 15 would have been the cap before the update ...

Stagger 12/01/2015 6:30 AM

Hero's Ahem, yeah, as I expected, except for some dialogue quirks for Faux that every interested party will get a look at soon enough (so leave those spoilers above alone if you cherish this stuff like Ben and I do), this is the extent of the reward for reaching the end of the road there.
